Re: Action dated 06/22/04

Campbellville, Ontario, Canada

Hon. Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

In earlier response to the Examiner's specified request, Applicant submitted a Claims Amendment, which, during a subsequent review, Applicant has found to be in need of additional adjustment, correction and further amendment.

Applicant therefore herewith forwards a substitute Claims Amendment for the Examiner's consideration. Applicant adjusted some Claims and narrowed some of the very broad Claims, especially Claims 43, deviding some components as seperate and additional dependant Claims.

APPLICATION NO: 10/614,004

-2-

Art Unit: 3749

Applicant is again grateful for the assistance provided by the Examiner and hopes that this amended response will facilitate the Examiner to move this Application to allowance.
